

Master Soap may be used for the cleaning of wood, regardless of wood species and surface treatment as well as for tiles, vinyl and stone surfaces etc. Master Soap is especially suitable for frequently cleaned wood floors. An oiled wood floor which is cleaned with Master Soap should regularly be maintained with Natural Soap or Maintenance Oil/Maintenance Paste to keep its hard-wearing surface.

- **Effective care and cleaning of all wood floors**
- **Particularly suitable for larger floors with frequent cleaning**
- **May be applied both manually and by machine**
- **Certified by IBR**

Application area

For cleaning of wood, regardless of wood species and surface treatment, as well as for tiles, vinyl and stone surfaces etc.

Work description

Preparation	Particularly dirty floors/stains may be cleaned with Wood Cleaner.
Treatment	Mix 250 ml Master Soap with 10 L of warm water for the daily cleaning. Wash the floor lengthwise the wood grain. It is recommendable to use two buckets – one with the soap solution and one with clean water. It is important that no water is left on the floor. Use possibly little water to obtain a satisfactory result.
Note	Don't use microfiber on oiled floors.

Drying time

Technical data

Density	1
pH-value	9.4-10
Shelf life	3 years from date of production.
Coverage	3,444-4,306 sq. ft./L
Colours	Natural
Cleaning of tools	With water and soap.
Storage	Store safely, out of reach of children Do not expose to heat (e.g. sunlight). Store frost-free.
