

Child **CRiSis**™ Airway Management Trainer LF03633U Instruction Manual

Life/form® Products by Nasco

About the Simulator

The **Life/form**® Child **CRiSis**™ Airway Management Trainer is the most realistic simulator available for the training of intubation and other airway management skills.

Nasco has taken great care to create an airway management trainer that is anatomically correct in respect to both size and detail. Landmarks include nostrils, teeth, tongue, oral and nasal pharynx, larynx, epiglottis, arytenoids, false and true vocal cords, trachea, esophagus, lungs, and stomach.

The **Life/form**® Child **CRiSis**™ Airway Management Trainer allows you to practice oral, digital, and nasal intubation, as well as suction techniques. The simulator was designed to use an uncuffed endotracheal tube measuring up to 5.0 mm I.D. With proper care, your **Life/form**® Child **CRiSis**™ Airway Management Trainer will provide years of valuable service.

List of Components

- **Life/form**® Child Airway Management Trainer with Child **CRiSis**™ Torso

Set Up

Your Child **CRiSis**™ Airway Management Trainer is ready to use upon delivery. Simply remove from carton and unwrap packaging material.

Figure 1

Figure 2

Lubrication

Before intubating the Child **CRiSis**™ Airway Management Trainer, lubricate both the simulator and tube with the Nasco lubricant provided. (See figures 1 & 2.)

Cleaning the Face

Normal soil can be removed from the face of the trainer with mild soapy water. Nasco Cleaner (LF09919U) will remove stubborn stains. Simply apply Nasco Cleaner to soiled area and wipe clean with a soft cloth or paper towel. **Note:** Do not use Nasco Cleaner around the mouth and nostrils, as the residue of cleaner could be toxic.

Cautions

Nasco recommends the use of the enclosed aerosol lubricant or a similar vegetable-based lubricant for use with our Child **CRiSis™** Airway Management Trainer.

DO NOT use a silicone or similar lubricant. This will cause your simulator to dry and crack, and will automatically void Nasco's warranty on the trainer.

Never place the trainer on any kind of printed paper or plastic. These materials will transfer indelible stains. Ball-point pens will also make indelible stains.
