Where Vuquest 3320g Fits in Honeywell's Fixed-Mount Scanning Offering

VUQUEST 3320G LEADS THE WAY

The modern and compact Vuquest™ 3320g incorporates Honeywell Adaptus™ 6.0 area-imaging technology and delivers superior-performance scanning of all kinds of barcodes while requiring a minimal mounting footprint and providing maximum integration flexibility, making it a natural successor to the previous-generation Honeywell fixed-mount scanner – Vuquest 3310g.

VUQUEST 3320G HIGHLIGHTS:

SUPERIOR PERFORMANCE

- `Omnidirectional and fast scanning of virtually all barcodes
- Read digital barcodes on display with ease

FLEXIBLE

- Minimal footprint requirement
- External input/output interfaces provide maximum flexibility for custom applications where additional I/Os are needed
- TotalFreedom™ open-system architecture offers unlimited possibilities for developing plug-ins for specific applications
- Software licenses for evolving needs

SMART

- Automatic interface identification
- Automatic signature capture with character recognition
- CodeGate™ technology allows user to easily target the desired barcode during menu scanning
