

Honeywell® Batteries HCH-9006 Six-Bay MC9000 Battery Charger

Maximize the Performance of the Symbol® MC9000 Series Mobile Computers.

A versatile, compact, six-bay charger for Symbol® MC9000 Mobile Computer Batteries. Faster charging in less space, plus a flexible re-usable base - upgradeable and re-configurable - the last charger you'll ever need.

Features:

- More charging in less space: Charges 50% more batteries in same space as OEM charger.
- Upgradeable charging slots prevent obsolescence.
- Dual tri-color LED indications of charging status, including error conditions.
- Utilizes same baseplate mount as Symbol® chargers for wall mounting.
- UL/FCC/CE approved external power supply (100-240V AC, 50/60 Hz).

Specifications:

Chemistry: Li-Ion, Li-Polymer

Temperature Limits:

Operating Range: 0°C to +35°C

Storage Range: -40°C to +85°C

Dimensions:

Width: 6.25 inches (159 mm)

Length: 6.5 inches (165 mm)

Height: 2.6 inches (66 mm) - without batteries inserted.

** Specifications subject to change.*

Warranty:

Each charger is guaranteed to be free from defects in materials and workmanship for 24 months from date of shipment under normal use.

About Us

We are engineered for hand-held bar code scanners/mobile computers, portable printers, two-way radios, and uninterruptible power supply systems (UPS). We also produce a line of intelligent battery chargers and we design custom applications for clients' specific mobile power needs. We are proud to be a leader in Mobile Power Technology, design and development.

The cornerstones of our business are product quality, customer service, immediate availability and attractive pricing.

We look forward to serving you.
