

# Quick Draw<sup>®</sup>

*for Windows*

**Powerful  
label design  
at an  
affordable  
price.**

Quick Draw is a 16-bit software package that offers a user friendly design interface, label design wizards and full online help to make designing any label a snap. Quick Draw is perfect for creating ID badges, address labels, inventory tags, business cards and more. Quick Draw *Plus*, with low-end thermal printer support, is the prime solution for low volume, on-demand and point-of-use labeling in small office, retail, healthcare, warehouse and manufacturing environments.
