Track computers, equipment, furniture, vehicles and other valuable assets using this intuitive, affordable and complete asset tracking system!

ASSET TRACKING

Barcode

Barcode any items of value, such as computers, printers, equipment, furniture or vehicles.

All RedBeam software packages come with durable barcode labels that can be printed to your standard laser printer.

Scan

Use a barcode scanner to update asset data or to take a physical inventory. Scanning is ideal for audit inventories, updating IT information and receiving.

Use a cabled scanner with the Standard Edition or a mobile scanner with the Mobile Edition.

Track

Generate useful asset reports and print or export to Microsoft® Excel.

Report on located and missing items, asset status, asset history, asset value, depreciation, purchasing, maintenance history, lease and warranty expiration, IT information and more!

Everything You Need to Start Tracking Today!
