## Description

### 1.25" NPT Inlet Cast Iron Gate Valves Long Handle

- Good flow control without splashing
- machined and lapped brass faceplate provides smooth operation
- oval discharge opening angled at 45-60° for fast flow of thick liquids without splashing
- Padlockable handle
- esigned for liquids such as oil and diesel fuel.
- large, nearly straight bore

Fast flow control without splashing Padlockable handle Manual and self-closing models Excellent for dispensing non-flammable viscous liquids. Super rugged cast iron gate valves have a large, nearly straight bore with an oval discharge opening angled at 45-60° for fast flow of thick liquids without splashing. The machined and lapped brass faceplate provides smooth operation and a perfect seal. Glossy black lacquer finish.

Standard Gate Valve has short formed-steel handle.

NOTE: These gate valves are designed for liquids that have a minimum viscosity of 2,000 cPs.

BayTec Containers No. 8700EL15.

## Specifications

- **COMPATIBLE WITH:**OIL BIODIESEL
- **SIZE:**1.25 Inch NPT Threads
- **DESCRIPTION:**Long-Handle
- **HANDLE:**2 inch
- **LOCK:**Padlockable handle
- **CONSTRUCTION:**Cast Iron
- **MANUAL/AUTOMATIC:**Manual
- **LOCKABLE:**Lockable
- **WT.:**25lb
