For the customer who wants the very best—MD.2 is #1.....

e-pill Monitored Automatic Pill Dispenser 6 Alarms

Top-of-the-line Automatic Monitored Medication Dispenser and Reminder System for tablets and capsules. The MD.2 has been developed to give the patients' caregiver "peace of mind" knowing that right meds are taken on time. When the alarm goes off, the MD.2 reminds the patient to take their medicine by voice message, text, light and hands out the right meds at the right time. If the patient misses a dose, the MD.2 phones the caregiver after 90 minutes. The MD.2 also phones the caregiver when it is time for a refill. Fits easily on your kitchen counter, about the size of a coffeemaker. Dispenses up to 6 times per day in convenient reusable cups (100 cups included, each holds 50 asprins). Holds 60 medication cups. Lockable cabinet keeps medications safe. 2 keys included. Monthly monitoring fee of \$29.95 (optional). FREE Monitoring for first 60 days. Price includes complete system, everything you need. *Needs access to phone jack. However, it does not need its own phone line.*
