

## Never Forget to Take your Medications Again

# Avoid Medication Errors

## Feel Better

***Right Meds | Right Dose | Right Time***

- Avoid medication errors.
- Prevent double dosing.
- Reminds you with a loud 30 minute alarm.
- Dispense all your pills (Large Capacity).
- Movable between kitchen, bedroom etc.
- Portable. Bring along on trips.

When the loud alarm sounds, simply turn the dispenser up-side down and let the pills drop into your other open hand. Easy to use, alarm shuts off automatically once medications are dispensed. Great for patients with beginning Alzheimer's.

Once the dispenser is locked there are NO confusing buttons or displays to worry about. Battery life 6+ months with low battery indicator. Complete system for the patient includes everything you need; Automatic Pill Dispenser, two (2) medication trays, dust cover for extra tray, two (2) keys, batteries (4xAA) and Manual. Size: 7 1/2" x 2 1/4". Weight: 17 oz. Made in Sweden. See page 3 for more details

Welcome to  
**e-pill®** Medication Reminders

*“Drugs don’t work in patients who don’t take them.”*  
C. Everett Koop, MD  
Former Surgeon General of the United States

Dear Customer,

Our company; e-pill® Medication Reminders is a rapidly growing company in the Boston area. Since 1999, we have focused on innovative ways to monitor medication taking and helping patients remember to take their medicines correctly (right time, right medications, right dosage). Our “e-pills” have been featured on national TV (CBS, CNN, NBC) and in print media (Reader’s Digest, Washington Post, Business Week, WSJ), and e-pill products are routinely recommended by healthcare professionals throughout the 50 states and used in clinical trials by the pharmaceutical industry. All e-pill products come with batteries and are **READY TO USE RIGHT OUT OF THE BOX!**

Our guarantee; we offer Award Winning Customer Service; 30-Day Money Back Guarantee and a One Year Warranty. We have *received the “Top Service” award by Yahoo!* for superior customer service.

**How to Buy the Right e-pill Medication Reminder**

Since 1999 we have sold tens of thousands of medication reminder devices. From our customers’ feedback we have learned what works and what does not. Taking your medication (prescription Rx, over the counter OTC, vitamins or supplements) on time is as important as what medications are being taken. To help you find the e-pill Medication Reminder that is most suitable for you or your patients, we provide you with a guide for each device outlining its key features:

We offer our customers a risk free purchase:

- **30-Day Money Back Guarantee.**  
No questions asked, return it for any reason!
- **One Year Warranty.**

Price within parenthesis is the suggested retail price.  
If you have any questions, please call our customer service toll-free at 1-800-549-0095

## e-pill Monitored Automatic Pill Dispenser 6 Alarms

Top-of-the-line Automatic Monitored Medication Dispenser and Reminder System for tablets and capsules. The MD.2 has been developed to give the patients' caregiver "peace of mind" knowing that right meds are taken on time. When the alarm goes off, the MD.2 reminds the patient to take his/her medicine by voice message, text, light and dispenses the right medications at the right time. If the patient misses a dose, the MD.2 phones the caregiver after 60 minutes. The MD.2 also phones the caregiver when it is time for a refill. Fits easily on your kitchen counter (size large coffeemaker). Dispenses up to 6 times per day in convenient reusable cups. Each cup holds 50 Aspirin sized tablets. Holds 60 medication cups (100 cups included). Lockable cabinet keeps medications safe. Two (2) keys included. Monthly monitoring fee of \$29.95 (optional). FREE Monitoring for first 60 days. Price includes complete system, everything you need. *Needs access to phone jack. However, it does not need its own phone line. Made in USA.*
