

## Smart Automatic Medication Dispenser

e-pill **Med-Time** electronic "pill" dispenser (automatic medication dispenser/pill organizer/pill box) and reminder system helps insure that medications are taken properly and on time. Taking meds on time (Rx/ OTC medications, vitamins or supplements) is as important as what meds are being taken.

- Easy SET-UP
- SIMPLE to use, dispense up to 4 times per day
- Medication TRAYS (2 included) and KEYS (2 included)
- Auto dispense 28 doses
- Lockable (comes with 2 keys)
- Strong alarm tone

***"This product (e-pill automatic dispenser) is the greatest invention since the wheel. My mother has Alzheimers and lives alone. Both of us are leading much happier lives since we got her e-pill. She hasn't missed a dose! I have recommended it to friends and several pharmacists." P. W.***

*Our Most Popular Product. Works great with older patients.*

## World's Best Pill Organizer

e-pill **7 Day Medication Reminder & Organizer** is a convenient & compact storage pack made of durable high quality canvas includes 7 EZ-to-OPEN Medinizer pill boxes (with the respective day of the week clearly imprinted on the front of each one) combined with our most popular easy to set and use electronic medication reminder (e-pill Multi-Alarm).

The daily organizer is made of industrial strength plastic and is dishwasher safe. Use at home, in the office, or when you are on the run. Makes an ideal traveling partner.

***"I don't want to sound over-dramatic here, but the simple fact is that this one product, all by itself, truly, substantially changed the life of the person for whom it was bought."***  
**M.K.**

- Multi-Alarm (up to 31 alarms per day)
- 7 Pill Organizers labeled Sunday, Monday ... Saturday
- Clear sliding lid for easy dose access
- LARGE Capacity Organizer holds all your medications
- Tactile labeling (brail) can be read at night
- Ideal for travel or any out-patient setting

*Great medication adherence system for the young and old.*

## Pharm Alarm

e-pill **Pill Bottle Multi Alarm** beeps in your pocket, purse or in your medicine cabinet. A convenient beeping alarm will sound when it is time for you to take your pills! The electronic timer cap fits right on many prescription vials or on the included empty vial.

Pill Bottle Multi Alarm is **EASY to USE & EASY to PROGRAM**. Simply set the repeating vial cap timer (interval in hours between medication times). No re-set required. Set from 24 hours apart (once-a-day) to 1 hour apart (24 times/day). Each time you take your medicine the timer resets automatically.

Featured in Readers Digest (July 2002 issue).

- Easy to Program
- Alarm switches off when vial cap is removed
- Up to 24 Alarms per day
- No Reset Required, Loud Buzzer
- Battery included and lasts for 1 year (non-replaceable)
- Easy to read display tells "time since last dose"
- **Sold in 3 packs** (3 timers, 3 pill vials)

**"Thank you so much for your excellent service. It makes doing business with you a pleasure."**  
R.K.

*This is an interval timer (number of hours between alarms). Can not be set for discrete alarm times.*

## Organizer & Reminder System

The e-pill **MEDGlider** is a practical system for organizing and remembering daily meds. Our MEDGlider Reminder & Organizer System includes:

- Seven Daily Organizers
- Storage Tray
- Easy to Program 4 Electronic Reminder Alarms

Each pill organizer has four compartments with room for multiple pills, capsules and tablets. Included tray allows 7 day medication pre-planning. Reminder unit attaches to the daily organizer, or use it stand-alone.

- Daily Organizers (7 included / one per day of week)
- Tray for "parking" daily organizers
- Easy to Program
- Up to 4 daily alarms, no reset required
- Unique voice alarm: *time to take your pill*
- Reminder unit slides on top of organizer
- Choose reminder: Voice / Sound / Light
- Large display
- Fits easily in purse or pocket

## Pharm Alarm Voice

e-pill **Beep-n'Tell** is a easy-to-use multi-alarm with talking reminder. It identifies the patient's medication so they can take it as prescribed. It is reusable and can be programmed by the doctor, pharmacist, caregiver, or patient. Can help prevent medication errors.

- Easy to read display, tells "time since last dose"
- Interval timer
- Alarm switches off when vial cap is removed
- Loud buzzer
- No reset required
- Built-in speaker tells your loved one how to take his/her medicine. No separate player required.
- Record a helpful reminder message for your loved one
- Re-record at any time (up to 60 seconds) with included stylus
- Play: Press large button (ON/OFF) on the side

**"The device change my life" J.K.**

**Voice Recorder & Player:** Loud & clear playback with built-in speaker! Use the power of your own voice to achieve better patient compliance.

*This is an interval timer (number of hours between alarms). Can not be set for discrete alarm times. Must press the play button to hear voice message.*

## How To Buy the Right e-pill Medication Reminder

Since our founding 3 years ago we have sold tens of thousands of medication adherence devices.

From our customers' feedback we have learned what works and what does not.

To help you find the most suitable e-pill medication reminder device, please consult the guide at the bottom of each page to see the different features of the device.

6		60 doses	\$799.00
---	--	----------	----------

= the number of alarms per day

= the loudness of the alarm

The 3rd section in the legend illustrates any special feature the device has, such as how many doses of medicine it can hold or if the device has a silent alarm.

We offer our customers risk free purchases with a 30 day money back guarantee. No questions asked!

All our products come with a 1 year warranty.

Free shipping and handling in the US by UPS Ground or USPS Priority Mail/ 1st Class Mail.

A \$15.00 per order charge will be added to your order for non-USA customers.
