How to Obtain Service under This Warranty:

Contact your closest LiteGear™ Authorized Dealer ("Authorized Dealer") to provide a detailed explanation of the problem(s) with your LiteMat™ Fixture and to obtain a Return Materials Authorization (RMA) number. You can find your Authorized Dealer by visiting <http://www.litegear.com/dealers/>. If you are unable to contact an Authorized Dealer, or feel that they cannot assist you, please contact the LiteGear™ Customer Service Department.

How to Contact LiteGear™ Customer Service

- By sending an email to support@litegear.com.
- By calling/SMS-text messaging +1 (818) 358-8542 and speaking to a LiteGear™ Customer Service Representative.

Once an Authorized Dealer or a LiteGear™ Customer Service Representative determines that you have a problem that may qualify as a warranted repair, you will be provided an RMA number*. You must acquire an RMA number and deliver the defective unit to LiteGear™ in order to obtain service under this Warranty. A sales receipt may be required to verify the original retail purchase. All returned units must have the RMA number visible on the outside of the shipping package. RMA numbers are valid for 30 days after the number is issued.

After receiving an RMA number, LiteGear™, at its sole discretion, will issue you a shipping label (Ground service or Consolidated Air/International Economy freight) for delivery of your LiteMat™ Fixture back to the LiteGear™ Warehouse or a local Authorized Repair Facility. Upon arrival, your LiteMat™ Fixture will be thoroughly inspected by a LiteGear™ Service Technician. If it is determined that your LiteMat™ Fixture qualifies for a warranted repair, LiteGear™ will perform the warranted repair as enumerated in the "Our Warranty to You" section above. Once the repair is completed, LiteGear™, at its sole discretion, will pay the return shipping costs (Ground service or Consolidated Air/International Economy freight). In the case of any expedited or upgraded shipping requests by the customer, the full amount for shipping is the customer's sole responsibility.

If, however, it is determined that your LiteMat™ Fixture does not qualify for a warranted repair after inspection, you will receive a notification stating the reason(s) for our decision and a detailed quote for the cost of the repairs including shipping charges to return your LiteMat™ Fixture after it is repaired. Should you choose not to repair your LiteMat™ Fixture, you are still liable for shipping charges to have your LiteMat™ Fixture returned to you.

LiteGear™ is not responsible for the payment of any customs clearance fees or duties.

**The determination given by an Authorized Dealer or a LiteGear™ Customer Service Representative that a product may be subject to a warranted repair is only the first step in fully determining whether or not a repair falls under Warranty. Final determination will be provided by a LiteGear™ Service Technician upon inspection of the product.*
