

### Product Description

The **Aeon CLR® 5** is an EDGE FREE CLR® (ceiling light rejecting) fixed frame projector screen that uses the ultra-short throw StarBright® CLR® 5 front projection surface. The microstructure consists of an absorbent layer that negates the washout effect of ambient light from overhead light sources. The StarBright CLR® 5 is specifically designed for ultra-short-throw projectors to provide a large-screen performance in the close quarters of most residential or training room environments.

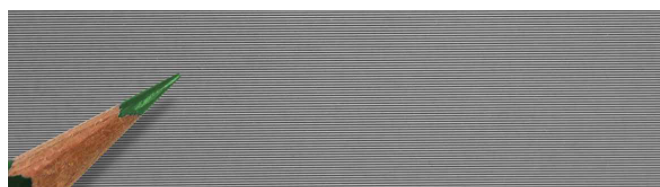

### Product Design & Features

- Ceiling Light Rejecting front projection material absorbs 80% of overhead light
- Reflective and absorbent layers optimize projector performance in moderate ambient light room environments
- Wide diffusion uniformity allows viewers to see a clear bright picture from any angle
- CLR® material improves black levels and color contrast in bright and dark rooms
- Material black backing prevents picture degradation
- Lightweight EDGE FREE CLR® design maximizes viewing area
- Ultra-thin black bezel included

### Technical Data

<b>Projection Type:</b>	Front projection
<b>Projector Compatibility:</b>	Ultra-short Throw projectors ONLY
<b>StarBright CLR® 5:</b>	0.8 Gain
<b>Viewing Angle:</b>	170°
<b>Light Absorption:</b>	Up to 80%
<b>Black Backing:</b>	Yes
<b>Material Type:</b>	Retro-reflective
<b>Material color:</b>	Grey
<b>Warranty:</b>	2-Year / 3-Year ENR-G Warranty
