

Aeon AcousticPro UHD Series

Acoustic Transparent Fixed-Frame Projection Screen

Product Description

The **Aeon AcousticPro UHD** is an acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen. The AcousticPro UHD acoustically transparent material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation. Its tight perforated weave design allows a superior AT performance without sacrificing picture quality.

Product Design & Features

- Sound transparent projection material allows speaker placement behind the screen
- Wide viewing angle provides a clear and bright picture from any seating position
- Black-backing mesh reduces light reflectivity
- Aluminum lightweight split-frame design
- EDGE FREE® option allows for maximum viewing area
- Ultra-thin Edge trim included for enhanced appearance and absorbs projector overshoot
