

EVANESCE TAB-TENSION

The *Evanesce Tab-Tension* is an in-ceiling recessed electric projection screen. It has the flexibility of being able to be installed above or below the ceiling. It is the perfect solution when there is a need for a concealed screen installation that conveniently disappears from view when not in use. It is Plenum Rated UL 2043 for safe installation in an “air-handling” space. It utilizes our award-winning CineWhite® 1.1 gain matte white tensioned-material which provides superb color temperature with wide diffusion uniformity.

Screen Material

- CineWhite® 1.1 Gain front projection matte white material
- Provides excellent color balance and enhances projected imagery
- Black backing eliminates light penetration for superior color reproduction
- Black masking borders enhance picture contrast and absorb projector overshoot
- 180° wide-viewing angle allows viewers to see a clear picture from any angle
- 4K/8K Ultra HD, and HDR Ready
- Tab-tension cords provide uniform flatness on projection surface
- Available in the following diagonal sizes:
 - 100”, 106”, 120” and 135” in 16:9 aspect ratio
- 5-year limited manufacturer’s warranty

Design & Control System

- Hidden recessed in-ceiling design for non-dedicated media rooms
- Aluminum white housing is strong and moisture resistant
- Ships fully assembled with Installation kit for above/below ceiling
- Includes handheld Infrared (IR) and Radio Frequency (RF) remote controls, and a wall box controller for manual on-wall operation.
- User-friendly programmable vertical drop position
- Wall box controller is detachable for a clean look while maintaining RF & IR functionality
- Built-in selectable channels allow one RF remote programming to control multiple screens and prevent interference
- 12v trigger feature allows the screen’s UP/DOWN operation to synchronize with the projector’s power cycle
