

SAKER TAB-TENSION PLUS SERIES

The **Saker Tab-Tension Plus** is a commercial grade large-venue electric tab-tensioned projector screen. Its tab-tension design allows the material to have uniform flatness on the entire projection surface to accommodate ultra/short and standard throw projectors. It includes a pair of built-in heavy-duty mounting brackets on each end for a ceiling suspended installation. Control options included consist of Infrared and Radio Frequency remotes, a wall box controller, and 12-volt capability to synchronize the screen's operation with the projector's power cycle.

Screen Material

- CineWhite® (matte white) versatile material with 1.1 Gain and 180° wide viewing angle- Front Projection
- 4K/8K Ultra HD, and HDR Ready
- Standard black masking borders enhances perceived contrast and absorbs projector overshoot
- Black backing on material eliminates light penetration
- Tab-tension design helps maintain a flat and taut projection surface
- Available in the following diagonal sizes:
 - 180" in 16:9 aspect ratio (CineWhite®)
- 5-Year Premium Warranty by Elite ProAV

Design & Installation

- Heavy-duty aluminum white case is durable and moisture resistant
- Floating installation brackets provide easy alignment with wood studs to accommodate a wall or ceiling installation
- Includes handheld Infrared (IR) and Radio Frequency (RF) remote controls, and a wall box controller for manual on-wall operation.
- User-friendly programmable vertical drop position
- Wall box controller is detachable for a clean look
- Built-in selectable channels allow one RF remote programming to control multiple screens and prevent interference
- 12v trigger feature allows the screen's UP/DOWN operation to synchronize with the projector's power cycle
