

Product Description

The **Evanesce Series** is a fully contained in-ceiling electric projection screen. It is encased in a white-enameled aluminum housing for convenient installation. Uses Elite's MaxWhite® FG, a fiberglass backed material for added stiffness which provides the flattest possible non-tensioned screen surface with universal applications. Control package includes Infrared & Radio Frequency remote controls along with a wall box controller and 12-volt trigger capability.

Product Design & Features

- Disappearing recessed in-ceiling design for non-dedicated media rooms
