135" 4K All-in-One

Direct View LED display
powered by COB technology

Screen image simulated.

Combines 4K resolution, exceptional brightness and high contrast for expansive viewing experience, even in the brightest of spaces.

135" 4K all-in-one dvLED display — with high impact 4K UHD resolution, 600 nits of brightness and 0.78 mm pixel pitch

COB technology paired with sharp 4K clarity — high pixel density reduces visible pixel structure for comfortable close-up viewing

Streamlined component design — operating system free and featuring essential controls for a "set-it-and-forget-it" display solution

OS-free — minimizes vulnerabilities and maintenance demands for a secure and dependable dvLED experience

Long-lasting surface durability — LEDs are encapsulated in a protective layer, shielding them from physical and environmental damage

High energy efficiency — COB and common cathode design for reduced power consumption and heat emission; cool display surface; runs on standard 120 V power

Edge-to-edge display — for a full visual experience with hidden yet accessible AV ports and essential controls; pull-out control box for fast service access

Fast installation and setup — preassembled cabinet columns and factory-aligned, preconfigured LED modules ensure a uniform image

High impact image — experience an ultra vivid, 4K resolution image plus HDR support for spectacular highlights

Versatile connectivity options — features two HDMI® ports, optical S/PDIF, 3.5 mm line level audio, BT remote and LAN control
