

Starling Tab-Tension CineGrey 5D

Ambient Ceiling Light Rejecting Electric Projection Screen

Product Description

The **Starling Tab-Tension 2 CineGrey 5D® Series** is an electric motorized retractable projector screen that uses an Ambient Light Rejecting material. The retractable feature provides flexibility to mounting the screen without dedicating its designated location to exclusively one purpose. The ambient light rejecting material is formulated to sustain excellent color reproduction and contrast for enhanced picture quality in environments with little control over room lighting.

Product Design & Features

- Elegant arcuate shaped case in black finish
- Screen material enhances contrast, brightness, and color in ambient light room conditions
- Black masking borders absorb projector overshoot and enhances visual contrast
- Tab-tension design helps maintain a flat and taut projection surface
- Floating brackets included allow for a wall or ceiling installation
