

Yard Master Wireless Series

Battery-Operated Outdoor Projection Screen

Compatible with Standard Throw Projectors ONLY

Product Description

The **Yard Master Wireless** is a battery-operated outdoor projection screen which eliminates the need for a power cable. The screen is lowered and raised using a Radio Frequency remote control and is IPX3 rated for water protection in outdoor spaces. The retractable design is ideal for wall and patio installations as it brings media room quality presentations that are perfect evening and night-time gatherings.

Product Features

- MaxWhite® 1.1 Gain matte white front projection material has superb color temperature.
- Wide viewing angle allows the audience to see a clear, bright, uniform picture from any angle.
- Standard 4-side black masking borders absorb projector overshoot while enhancing visual contrast.
- Black backing eliminates light penetration for enhanced brightness and color saturation to prevent picture degradation.
- Compatible with Full HD, Ultra HD (4K/8K) and Active 3D projectors.
- Not compatible with Ultra/Short-Throw Projectors.
- IPX3 Rated for protection against water spray less than 60 degrees from vertical.
- Available in diagonal sizes 125" and 140" in 16:9 format
- Designed for outdoor use without compromising its home theater visual appeal.
- Dynamic indoor home theater quality with the durability of an outdoor product.
- Ideal for backyards, patios, pool decks, and recreation rooms
- Heavy-duty steel case in a white finish includes end caps for wall or suspended ceiling installation.
- Radio Frequency remote for long range operation without line of sight required.
- Built-in rechargeable Li-on battery eliminates need to plug screen into a power outlet.
- Battery charge can last up to 200 cycles on a single charge.
- 2-Year / 3-Year ENR-G Warranty by Elite Screens
