

ezCinema 2 Series

Portable Free-Standing Projection Screen

Product Description

The **ezCinema 2** by Elite Screens is a free-standing portable projection screen that offers even more features to CE Retail customers than our earlier model. It swiftly pulls up and retracts using a “scissor-backed” free-standing mechanism that requires no extra tools, accessories or effort. This is the perfect “projector screen in a box” for portable presentations on the go. The matte white material has a wide viewing angle and is masked on all 4 sides for enhanced aesthetics and visual contrast. The screen comes with a black backing to eliminate light penetration for brighter image fidelity.

Product Design & Features

- Screen is protected and enclosed in a lightweight, durable aluminum casing
- Wide viewing angle provides a clear picture with equal brightness over a full 180° angle
- Active 3D, 4K/8K Ultra HD, and HDR ready
- Folding handle enables a quick and swift pull-up operation
- Scissor-backed design allows screen to deploy and retract easily
- Carrying bag included for traveling presentations
- Rotating base feet provide added stability
