

The **ezCinema Series** is a small and large venue ultra-portable projector screen that sets up easy using its detachable telescoping support bar hardware for residential or commercial presentations. It uses Elite Screens' MaxWhite® which provides the widest possible viewer angles with perfect diffusion uniformity while giving precise definition, image color reproduction and black & white contrast.

**Screen Material**

- MaxWhite® 1.1 Gain material with standard black backing is durable and easy to clean
- Wide projection viewing angle with 180° diffusion uniformity
- Active 3D, 4K Ultra HD, and HDR ready
- 3/4" black top/side masking with adjustable bottom rise masking
- Compatible with Standard-throw projectors only
- Available in diagonal sizes 120", 135" and 150" in 4:3 and 16:9 formats

**Design and Installation**

- Easy to transport and set up for traveling
- Features a simple telescoping support mechanism for variable height settings
- Solid rotating floor support feet provides added stability
- Built-in carrying handle for enhanced mobility
- Rugged aluminum casing protects the screen
