

TRAXXAS

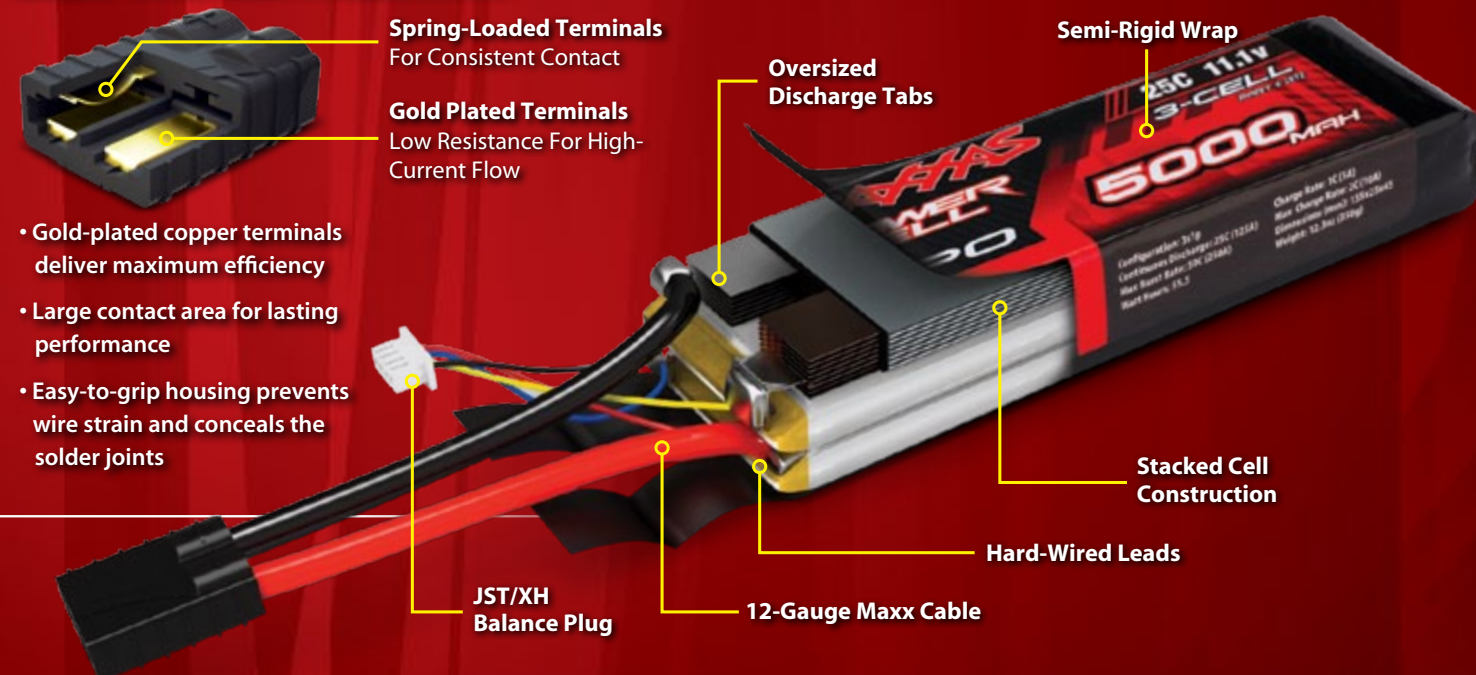

POWER CELL

The Only Batteries that are **100% Traxxas Certified** for Maximum **Power and Performance**

LiPo Power Cell

High-Current Connector

Spring-Loaded Terminals
For Consistent Contact

Gold Plated Terminals
Low Resistance For High-Current Flow

- Gold-plated copper terminals deliver maximum efficiency
- Large contact area for lasting performance
- Easy-to-grip housing prevents wire strain and conceals the solder joints

Semi-Rigid Wrap

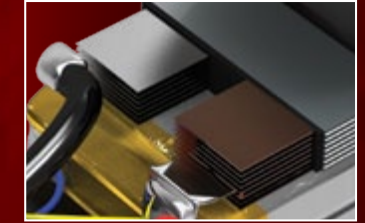

Oversized Discharge Tabs

Stacked Cell Construction

Hard-Wired Leads

JST/XH Balance Plug

12-Gauge Maxx Cable

Semi-Rigid Design

- Unique construction method
- Firm, rugged, and compact pack
- Greater capacity in a given size, unlike a hard-cased pack
- Any change in the pack due to damage or abuse is easily visible

MAXX® Cable

- Soft, silicone insulation
- High-efficiency 12-gauge wire for free-flowing current
- Flexible multi-strand construction

Oversized Tabs

- Larger surface area maximizes pack performance
- Extra-wide discharge tabs ensure minimum resistance
- Wider tabs deliver more power and capacity on every run

NiMH Power Cell

"Flat" and "Hump" Configurations
6- and 7-cell Power Cell packs are offered in "flat" and "hump" configurations to suit all Traxxas models. Locate your model on the chart to see which type is best for your car or truck.

Heavy-Duty Construction

- Double-thick battery tabs strengthen the pack and decrease resistance
- Quad-welded construction
- Thick 'shotgun tube' and heavy-duty end caps protect the cells

Premium-Quality Cells

- Premium-quality cells selected specifically for Traxxas models
- Low internal resistance delivers powerful 'punch'
- High capacity for long run times

Battery Application Guide

Battery Chargers

EZ-Peak

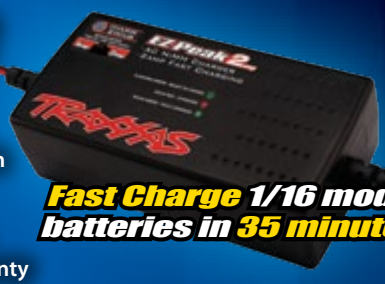

- Charges 6-8 cell NiMH packs
- Charges at up to 4 amps
- Status LED flashes red to indicate charging is in progress, then turns green when charging is complete
- Plug-and-play, no programming or setting required
- AC/DC for use at home or in the field
- Traxxas High Current Connector
- Traxxas lifetime electronics warranty

Charge Fast!

EZ-Peak 2amp

- No complicated menus or setups, just plug it in and start charging!
- Advanced peak detection circuitry delivers a full charge every time with no guesswork.
- Easy plug-in and charge operation
- Fast charges 5-8 cell packs
- NiCad and NiMH compatible
- Traxxas High Current Connector
- Traxxas lifetime electronics warranty

Fast Charge 1/16 model batteries in 35 minutes!

EZ-Peak PLUS

Charge Faster!

- Integrated Cooling Fan
- Backlit LCD Display
- Balance Port
- 6 amp charging
- AC/DC Compatible
- Charges 1-6 cell LiPo packs
- Charges 1-15 cell NiMH packs
- Traxxas High Current Connector
- Traxxas lifetime electronics warranty

6.80 Watts AC/DC Fast Charger

2-CELL/3-CELL LIPO BALANCE CHARGER

- Fixed 800mAh output
- Each cell individually charged
- Simple, convenient charging
- No settings or programming required
- Ideal for 1400mAh and 2200mAh LiPo packs

TRAXXAS BATTERY EXPANSION KITS

- 5827X Slash Series Traxxas Expansion Kit
- 6727X Stampede 4X4 VXL Battery Expansion Kit
- 3725X Rustler/Bandit/Stampede Battery Expansion Kit
- 6426X XO-1 Accessory Battery Hold-Down
- 6427X XO-1 Accessory Battery Retainer
