FRAME

All Palliser frames are constructed from engineered wood products, hardwood or softwood; joints are pinned and glued for uniformity and strength.

SEATING COMFORT

Seat suspension is high performance synthetic stretch webbing installed in a woven grid pattern for support and durability.
Seat cores feature multi-layered, high resiliency CertiPUR-US foam with an added layer of polyester fiber to aid in the overall comfort.
Seat backs are 100% blown polyester fiber encased in a chambered synthetic ticking to minimize material migration.
Back Suspension: 100% premium elastic webbing to provide consistent comfort and support.

FUNCTION

Power recline with button switch
and USB Charging
USB charging
