

WAVELAND RELAX

The Waveland Relax is built around a plush contoured seat with zero-recline lay-flat positioning, heated seat and lumbar, power recline, power headrest, power lumbar, memory controls, 7-color LED lighting, storage arms, included walnut tray tables and premium Top Grain Leather 12000. Enjoy added warmth through the seat and lumbar area, then recline into the Waveland Relax's extended zero-recline position for deeper relaxation. Combined with power headrest, power lumbar and chaise support, the Waveland Relax provides a wide range of comfortable viewing and lounging positions.

FEATURES

- Top Grain Leather 12000 provides a smooth, soft-to-the-touch seating surface made from U.S.-sourced bovine hides.
- Zero-recline lay-flat positioning expands the recline range for deeper relaxation and extended viewing comfort, therefore needing 8.25" of wall clearance.
- Heated seat and lumbar provide added warmth through the seating and lower-back areas.
- Power adjustable headrest helps support a comfortable viewing angle while the chair is reclined.
- Power adjustable lumbar lets each user fine-tune lower-back support.
- Power recline provides smooth powered positioning and includes a long power cord for theater-room installation.
- Contoured seating with memory-foam top creates a plush bucket-style seating feel.
- Pillow-soft channels in the back and chaise provide cushioned head-to-toe support.
- Straight-row configurations allow the row shape to be matched to room width, screen location and preferred sight lines.
- Hidden in-arm storage keeps tray tables, remotes and accessories within reach.
- Walnut tray tables included provide a finished surface for snacks, drinks and theater accessories.
- Cupholder-mounted controls operate power recline, power headrest, power lumbar, lighting, memory and home functions.
- Memory control stores a preferred powered seating position.
- Home button returns the powered seat to its upright position automatically.
- USB-C charging is integrated into the cupholder control area for compatible phones and tablets.
- 7-color LED cupholder lighting can coordinate with the room or viewing mood and can be turned completely off.
- 7-color LED base lighting adds theater-style ambient illumination beneath the seating and can be turned completely off.
- Three-level LED dimming lets you reduce lighting intensity during movies, with a full-off setting when no accent lighting is wanted.
- Removable cupholder inserts help simplify cleanup.
- Elegantly padded chaise footrest supports the legs continuously while reclining.
- 23.75-inch seating width provides generous room through the seat area.
- 44-inch back height provides substantial upper-body support.
- Kiln-dried hardwood framing provides a strong structural foundation.
- High-density foam cushioning helps maintain support and shape over time.
- Pocketed spring coil seating provides responsive support under the cushion.
- Leggett & Platt recline mechanisms provide a durable foundation for repeated powered reclining.
- German-engineered Okin motors provide smooth, quiet powered adjustment.
- Detachable seat backs simplify moving the chairs through interior doorways and final assembly inside the theater.
- Approximately 26-inch delivery clearance is required with the back removed; a typical residential doorway is about 32 inches wide.
- One seat per box simplifies handling during delivery and installation.

DIMENSIONS

- Back Height from Floor: 44"
- Seat Width: 23.75"
- Seat Height: 20.75"
- Arm Width: 6.25"
- Seat Depth: 22.5"
- Depth when Reclined: 70"
- Space Needed For Recline: 8.25"
as this mech lays flat, it needs more distance from wall to chair
