

FOUNTAIN PUMP

1/2 HP Pond Fountain Pumps
20 and 50 GPM Models

G.F.I. Plug
Included

3 Pattern Caps Included

THE MYERS POND FOUNTAIN PUMP PROVIDES A REJUVENATING EFFECT TO PONDS AS IT HELPS TO AERATE THE WATER WHILE IT OPERATES, ELIMINATING STAGNANT WATER THAT IS A BREEDING GROUND FOR MOSQUITOES AND ALGAE. The Pond Fountain Pump comes complete and factory pre-assembled with a flotation device, 100 ft. of electrical cord, G.F.I. switch, and three different nozzles for varied spray patterns. The new Fountain Pump is available in both 20 and 50 gallon per minute models and can produce fountains of water up to 20 feet high, depending on the chosen spray pattern. For more details on Myers complete line of water systems products, contact our sales office at 419-289-1144 or visit our website at www.femyers.com.

FOUNTAIN POND PUMP INCLUDES:

- 1/2 HP pump with 115 volt stainless steel motor.
- Flotation device.
- 100' electrical cable with G.F.I. plug.
