

Liberty Pumps®

Pro-Series Accessories

NEW!

X8

8" Basin Extension

Sealed basin extension increases PRO-Series height by 8", allowing longer pitched pipe runs to the inlet connection.

Fits both PRO370 and PRO380-Series Systems

Model X8 extension includes gasket, stainless steel bolts, longer QuickTree® for float mounting and discharge pipe extension.

To order X8 extension factory assembled to any PRO-Series system, add "X8" to model number

Examples: P382X8LE41, P372X8LE51

Passes 10' Stack Test

ARC18 Access Riser

For below grade burial of pipes and electrical connections

Fits both PRO370 and PRO380-Series Systems

ARC18 Access riser and Cover

AR18 Access riser only (no cover)

AC18 Cover only
