

Important Safety Instructions to Reduce Risk of Injury

Do Not

- Do not permit children to use this product.
- Do not drain the pool cover if there are people in the pool.
- Do not cut cord. This pump is provided with a 3-prong grounding plug for use with a 110 volt AC 3-prong outlet.
- Do not connect to an ungrounded outlet.
- Do not bury the cord.
- Do not use extension cord to connect unit to electric supply; provide a properly located outlet.
- Do not plug the pump into an outlet while standing in water or on a damp surface.
- Do not pick up or support the pump by the power cord.
- Do not use the pump with any medium, including particularly hazardous, caustic or corrosive substances that could result in damage to the pump, the surrounding environment and injury to person or property including possible exposure to hazardous substances.
- Do not pump anything but water. This pump is designed for use with fresh and salt water only.

Do

- Do locate cord to minimize abuse from lawn mower, hedge trimmers and other equipment.
- Do connect only to a grounding type receptacle protected by a ground-fault-circuit interrupter (GFCI).
- Do contact a qualified electrician if you cannot verify that the receptacle is protected by a GFCI.
- Do replace the pump immediately if the cord is damaged.
