

Flip N' Stow Flip Top Table Assembly Instructions

Video for Table Base Assembly

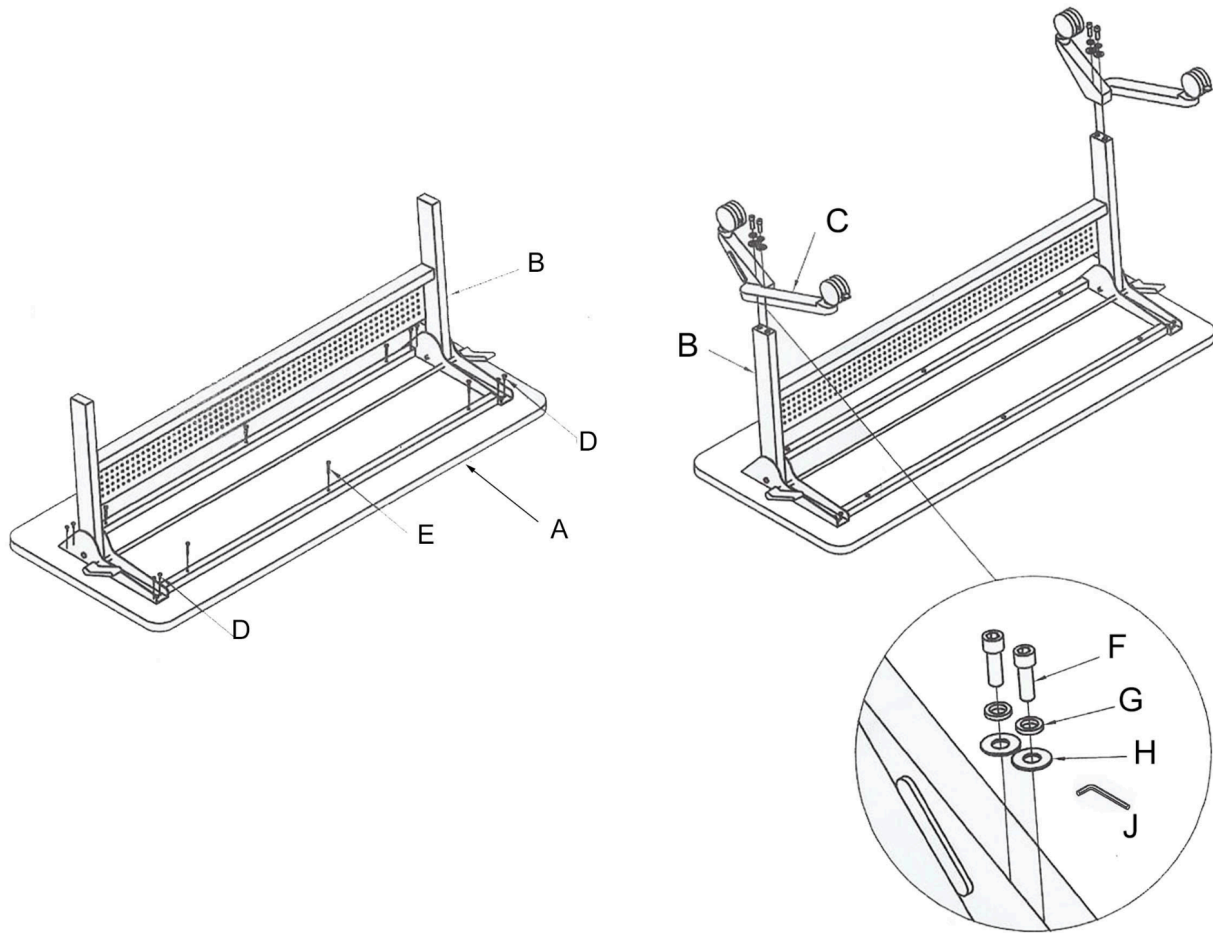

Video for attaching Table Top

Special Note: The laminate table tops you received are multi-purpose, meaning, they are used throughout many furniture series. Due to this, you will notice pre-drilled inserts on the underside of the table tops. You are to disregard those holes as they are for a different series. Use the wood screws provided and a power screwdriver to make your own holes and attach the top to the flip top table base.
