F E A T U R E S

Crystal clear tempered glass

Cable raceways

Choice of Silver or Black

1-1/4" Design

Tall enough to provide full privacy yet do not interfere with HVAC and office lighting

Glass panels allow light to filter into the work area.

Choice of two frame finishes: Silver or Black

Simple connection system. No specialized installers needed.

INTEGRATED CABLE MANAGEMENT

Built-in cable troughs keep power and data cables organized, concealed and out of the way for a clean, professional workspace.

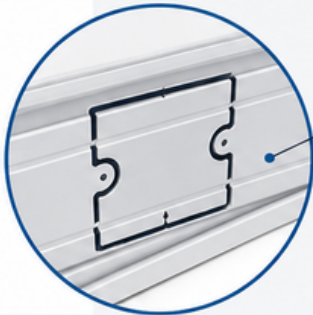

NEAT & ORGANIZED
Route power and data cables neatly through the trough to eliminate clutter and tangles.

PROTECT & PRESERVE
Cables are protected from damage and wear, extending their lifespan.

FLEXIBLE DESIGN
Punchouts can be removed as needed to create access points for power and data where you need them.

REMOVABLE PUNCHOUTS
Punchouts can be removed if desired to accommodate your specific cable routing needs.

Flip-down metal cover provides easy access to cables while keeping them hidden from view.

Cable troughs conceal cords within each panel for a clean, organized and professional look.

7'H Clear Glass Panel Series

Full Specifications:

- Raceway at base of office panel allows cords and cables to route through hollow channel and even through connection posts for complete cable connectivity
- 1/8" clear tempered (safety) glass
- Environmentally friendly: No formaldehyde or VOC emissions, making it safe and suitable for indoor environments.
- Punch-outs in raceway panels for electrical/data outlets (Electrical not included. Must be supplied and installed by electrician).
- Lightweight yet durable aluminum frame.
- Accepts outlet plates with standard 2-3/8" hole spacing. Plates with different spacing may require drilling of one screw into aluminum. Panels are non-powered.
- Flip down metal raceway covers conceal cable troughs measuring 7/8"D x 3-3/4"H. Panel end and connector post raceway openings are 3/4"D x 2-3/4"H.
- Includes a simple in-line connection system requiring no additional hardware. Easy set-up requires no special training or instruction.
- Adjustable leveling glides.
- Each panel includes a side edge finishing strip for a neat and finished appearance at the end of panel run.

Installation Guide
