

INSTRUCTION MANUAL

MODEL #860260

**55 GALLON DRUM DUAL
HEAD ADAPTER KIT**

OPERATING INSTRUCTIONS

Inspection

Thoroughly inspect your machine for any shipping damage. Your machine has already been thoroughly tested at the Nikro Industries manufacturing plant prior to shipping.

Electrical Specification

This machine is designed to operate on a 15 amp. 115V., 60 hz., AC circuit. A deviance of this could cause serious damage to the unit.

Grounding Instructions

This machine is equipped with a grounding type cord and three prong plug. Make sure that the plug is connected to an outlet with three receptacles designed for use with the three prong plug. (See Illustration) Never use an adapter with machine.

Maintenance

Lubrication of this motor is not required as it is equipped with sealed bearings.

Always keep the air cooling intake screen free, not allowing any restriction of airflow. Airflow restriction will overheat and damage the motor.

To prolong the life of the H.E.P.A. filter, empty, clean, and replace bags and filters regularly as described in the following sections.

SAFETY INSTRUCTIONS

Read all safety instructions before using!

1. Electrical shock could occur if used outdoors or on wet surfaces.
2. Always store machine indoors in a dry area. If machine is dropped in water or left in rain, it should be serviced by an authorized service technician prior to plugging the unit in.
3. Prior to plugging in machine, always inspect cord for cuts and exposed wires. If these problems are found, return the machine to an authorized service technician..
4. Never use the cord as a handle, or pull the machine by using the cord.
5. Never unplug this machine or any other electrical appliance by pulling on the cord.
6. Do not wrap the cord around the dome. Wrapping the cord around the dome will restrict the motor from exhausting properly and will result in overheating and damaging the motor.
7. Keep hair, fingers, and other objects away from all moving parts and openings on this machine.
8. This vacuum cleaner should never be used in explosion-hazardous areas or to pick up combustible or flammable liquids such as gasoline, etc.
9. Never leave the machine unattended when plugged in or running.
10. Always have the switch in the OFF position before unplugging the unit.
11. Do not operate this machine with any of the openings blocked; always keep these areas free of lint and dust or any other particles that could reduce the airflow.
12. Never operate or plug in this machine or any other electrical appliance with wet hands or when standing in water.
13. This machine should never be operated without the proper filters installed in the manner described in the following pages of this manual.
14. This machine should never be serviced by anyone other than an authorized technician.
15. Use only original NIKRO replacement parts and attachments.

OPERATION INSTRUCTIONS

- 1) Each motor has its own power cord. Plug in both power cords.
- 2) Each motor has its own on/off switch (located on the motor dome).
- 3) Make sure vacuum lid is securely latched to the vacuum tank.
- 4) Place metal hose cuff end of hose into the vacuum intake and secure it with the intake knob.
- 5) Turn on unit.
- 6) Place desired vacuum tools into the plastic hose cuff.
- 7) When picking up dry materials, the foam filter bag and white dacron bag should be used.
- 8) When picking up wet materials, only use the foam filter

WARRANTY

Nikro equipment is warranted for 1 year from the date delivered to the original purchaser. Parts, which become defective due to faulty workmanship or materials during normal use in these years will be repaired or exchanged at no charge if returned and approved by an authorized Nikro service center. The freight shall be at the expense of the customer.

This warranty does not apply to normal wear and tear, neglect, misuse, or incorrect installation. If any other replacement parts, filters or attachments are used other than original Nikro parts, this warranty will become void.

This warranty does not apply to hoses, switches, lights, sensors, or breaks in cords. All motors are subject to manufacturer's warranty. Contact Nikro Industries for assistance with these items.

Nikro disclaims responsibility for loss of production, profits, or any other costs that may indirectly occur due to the failure of this product.
