

The TLR-2 IRW features a Class 1 "Eye Safe" IR laser  
and 300 lumens of visible, blinding white light.

C4 LED delivers 12,000 candela peak beam intensity; 300 lumens  
IR Laser: Class 1; eye safe output power less than 0.8mW

Deep-dish parabolic reflector produces a concentrated beam of white light with optimum peripheral illumination  
IR Laser provides long-range targeting

Runs 2.5 hours (White LED only)  
IR Laser only function runs 45+ hours  
Solid-state current regulation for consistent illumination level

Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails  
Securely fits a broad range of weapons; Includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99 and S&W TSW

6000 series machined aircraft aluminum with anodized finish with high-impact, chemically resistant polymer laser housing  
Borofloat high temperature glass lens

Operating temperature: -40°F to +140°F

IPX4 water-resistant

User programmable strobe can be enabled/disabled

Powered by two 3V CR123A lithium batteries (included)  
Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement

Serialized for positive identification

3.39 in. (8.61 cm); 4.72 oz (133.8 grams)

Limited lifetime warranty
