

Designed for sub-compact and compact weapons, this compact tactical rail-mounted light features an integrated, visible green aiming laser with a wide operating temperature range.

Rail clamp designed to rapidly attach/detach from side of weapon

Ambidextrous momentary/steady On-Off switch

Three position mode selector switch: Laser only, LED Illumination only, or both

510-530nm green laser optimizes brightness with a wide operating temperature range: -20°F to +120°F

Windage and elevation adjustment screws mounted in brass bushings for long life and dependable zero retention of laser

**C4® LED
115 lumens!**

C4 LED delivers 5,200 candela peak beam intensity; 115 lumens
LED only mode runs 1.75 hours
LED and Laser mode: runs 1.25 hours
Laser only mode: runs 4 hours

Textured parabolic reflector produces a concentrated beam with optimum peripheral illumination; optimized electronics provide regulated intensity
Green laser provides high visibility long-range targeting

Includes 6 interchangeable keys to fit a wide variety of weapons

One handed snap-on and tighten interface keeps hands away from muzzle when attaching/detaching

Ambidextrous momentary/steady On-Off switch.

Impact resistant engineering polymer body with anodized aluminum facecap; Borofloat high temperature glass lens

Operating temperature: -20°F to +120°F.

IPX4 water-resistant

Powered by one 3V CR2 lithium battery (included)

Serialized for positive identification

2.73 in. (6.93 cm); 2.81 oz (79.7 grams)

Limited lifetime warranty
