

PK-B4 CATCHER

INSTALLATION DIRECTIONS

This catcher uses built-in brackets located on the deck above the discharge opening at the top, front and rear corners. Simply insert the mounting pins on the catcher into the mounting brackets on the deck. Installation is now complete.

IF INSTALLING ON A *COUNTRY CLIPPER*

PLEASE READ AND INSTALL PKB-CC BRACKET

FIRST AS DIRECTED BELOW

PKB-CC BRACKET

INSTALLATION DIRECTIONS

This bracket is used with ***Country Clipper*** mowers. Bolt this bracket onto the deck above the discharge opening. The round mounting bracket faces the front of the mower. Now see PK-B4 instructions. This bracket becomes the built-in bracket talked about in the PK-B4 directions. If you need further assistance please call 570 226-6093 Monday-Friday.
