## FILTREC-D615G25

| Product Attribute                                 | Specifications                                                                                                                      |
|---------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Filter Type:                                      | Hydraulic Filter Cartridge                                                                                                          |
| Media Type:                                       | Pleated Microglass Media (Available with Water Removal Media, 304 Stainless Steel Wire Mesh, Pleated Paper Media – See Chart below) |
| Overall Height:                                   | 26.88"                                                                                                                              |
| OD:                                               | 3.79"                                                                                                                               |
| ID:                                               | 2.20"                                                                                                                               |
| Collapse Pressure:                                | 365 PSI                                                                                                                             |
| Operating Temperature:                            | -13° to 250°F                                                                                                                       |
| Direction of Flow:                                | Outside-In                                                                                                                          |
| Seal Material:                                    | Viton                                                                                                                               |
| Micron Rating:                                    | 25                                                                                                                                  |
| Beta Ratio:                                       | 200/25                                                                                                                              |
| Efficiency:                                       | 99.5%                                                                                                                               |
| Filter Area:                                      | 16.39 Sq. Ft.                                                                                                                       |
| MEDIA Available                                   | Micron Ratings available                                                                                                            |
| Pleated Microglass Media<br>+ Water Removal Media | 1-micron, 3µm, 6µm, 10µm, 25µm, 40µm<br>1GW, 3GW, 6GW, 10GW, 25GW, 40GW                                                             |
