and Components from ?*

THE ONLY ENGINE-POWERED REEL MOWER

**MADE IN AMERICA!**

*By American Workers,  
Using 99% American Components!*

## *Why buy a McLane Reel Mower?*

- ⇒ **McLane is the #1 selling Reel Mower in the USA!**
- ⇒ McLane Reel Mowers are the only brand of Engine-powered Reel Mowers now manufactured in the USA, by American Workers, using 99% American Components!
- ⇒ McLane Mfg. has been in continuous operation since 1946, longer than any other mower manufacturer in America! ( Even Toro and Snapper did not start manufacturing mowers until a few years later! )
- ⇒ McLane has sold hundreds of thousands of Reel Mowers which are supported by readily available replacement parts, service support, and product knowledge!
- ⇒ Less than 1% of McLane Mower Owners purchase a new Bedknife or Reel each year - due to their proprietary and exclusive steel hardening process which no other manufacturer uses!
- ⇒ All models are now available with choice of Honda GX-Series or B&S XR-Series Commercial-Industrial Engines, now including the extra-powerful Honda GX200 on ULC & GK Models!

THE ONLY ENGINE-POWERED REEL MOWER
