

# ORGANIC ALL-PURPOSE FISH FERTILIZER

## Neptune's Harvest Fertilizer

# Hydrolyzed Fish 2-4-1

Neptune's Harvest Hydrolyzed Fish is an organic fertilizer made from fresh fish. Our unique cold process protects the vitamins, amino acids, enzymes and growth hormones naturally found in fish. The nitrogen and other micro and macro nutrients are chelated, so they are readily available for plants consumption. Our fish hydrolysate, unlike fish emulsions, retains the natural proteins and oils and has no unpleasant odor.

- Perfect for Flowers
- Vegetable Gardens
- Lawn & Seed
- Compost Enhancer
