

ORGANIC PLANT FOOD MULTI-PURPOSE

Neptune's Harvest Fertilizer

KELP MEAL 1-0-2

Neptune's Harvest Organic Kelp Meal (*Ascophyllum nodosum*) grows in the cold clean waters along the New England coast, and is known as the best marine plant available for agriculture today. It is full of trace Minerals, Carbohydrates and Amino Acids, which help create a strong root systems and makes a very healthy plant. It should be tilled in the soil before planting or can be top dressed, incorporated into potting soils, seed beds and composting material. It will add organic matter to your soil and help it retain moisture. Kelp Meal will keep your lawn healthy and green, and shows great results on all plants.
