

Neptune's Harvest Fertilizer

All NATURAL FERTILIZER

Neptune's Harvest developed Turf Formula to accommodate the many states now requiring the use of a phosphorus free fertilization program. Our Turf Formula is environmentally friendly and contains the perfect blend of nutrients for all your plant and soil needs.

Golf course superintendents and landscapers around the country have been using Turf Formula on their turf for years. The benefits are numerous and include better nutrient uptake, improved color, and increased root mass.

Neptune's Harvest Turf Formula will greatly increase microbial activity which will produce strong and healthy grass and soil. Using Turf Formula regularly allows you to eliminate the need for other fertilizers. It offers many great benefits when used as a primary method of fertilization. Its high powered energy mix shows results within days and is safe for the environment.

Made With

Hydrolyzed Fish, Molasses, Humate, Seaweed, and Yucca Extract.
