ANGEL ON MY SHOULDER

by Charley Thweatt

VERSE I

I've got an angel on my shoulder
Urging me to fly,
And if I could I would be bolder,
Looking life right in the eye.
So now I'm going to trust my angel,
Knowing help is here at hand,
And then I'll rise to the occasion
And God's peace I'll understand.

VERSE II

I've got an angel on my shoulder
Asking me to grow.
In all my life I'm looking over
The things I used to think I know.
So now I dive into my freedom,
With these wings I know I can,
To find a deeper kind of wisdom
And God's peace I understand.
