JESUS WRITES SONGS, TOO

By Dalton Roberts

Verse

I tried to write a little song about Jesus
But I just couldn't find the words.
I could hear the melody, the harmony
But I couldn't write what I heard.
I cried out in the Holy Spirit,
"Jesus help me to write my song."
He said, "Son the song you hear inside
I wrote for you a lone."

Chorus

Jesus writes songs, too;
He writes His songs on our inner spirit.
Each song is a personal symphony
For no one else can hear it.
You can't find words for love unending
And peace that passes understanding.
Jesus sings through you,
Yes, Jesus writes songs, too.

Instrumental

Verse

I tried to put down on a piece of paper
The music moving in my soul.
It was a stream of living water
My little cup couldn't hold.
I heard Jesus say, "Lay down your pen
And let my song come through.
You've written a lot of songs for me
And I'm writing this song for you."

Chorus
