VERSE

Some say a baby is closer to God, trailing clouds of glory,
but I know that I am just as beloved today.
Some say we're walking a pathway to heaven never knowing if
we'll get there, but I know that heaven is here!
And we are the angels!

CHORUS

The seed is beloved, the root is beloved, the sprout is beloved,
and the shoot is beloved, the stem is beloved, the leaf is
beloved, the flower is beloved, and the fruit is beloved, and
you, oh you are beloved, too!

LA LA'S

La La La La! La La La La!
La La La La la la la la La La La La La!

BRIDGE

I know I'm growing ev'ry day.
I am growing stronger, stronger ev'ry day!
And God is here inside my heart ev'ry step of the way!
