# Credo's Story...

We believe in the power of encouragement! What a difference a “Glimmer” can make in someone’s day... a tangible reminder that they matter and they are loved.

Throughout the years we have shipped products throughout the United States, Canada, and the UK. During Covid, by God’s grace, we have remained busy because we believe what Credo has to offer is always *essential*!

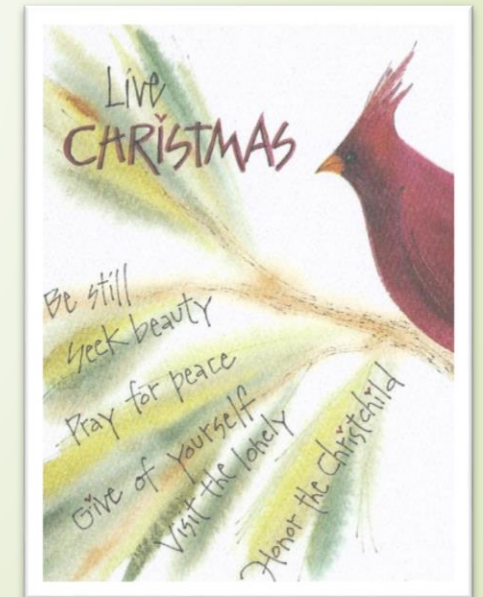

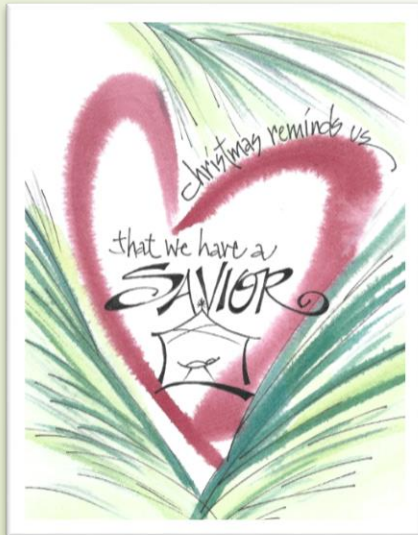

We are in prayer for our wholesale customers, trusting that God is at work to move us all forward.
