LEGEND

FIXED HEIGHT BASKETBALL SYSTEM

First Team

- Extension arm is constructed of 6"x6" (3/16" wall) solid steel tubing
- All First Team goals are "direct mounted" to eliminate backboard breakage when players hang on the rim.
- Massive 6"x6" (3/16" wall) one piece steel post
- Optional all-weather velcro wrap-around post padding for added safety (See padding section for available colors)
- Post is buried 48" below playing surface. (FT18 ground sleeve option available to make post removable.)
- Extensive backboard selection is available
- Optional TuffGuard™ all-weather bolt-on backboard padding available in several colors
- Post to backboard extension distance is 66"

The Legend offers exceptional rigidity, uncompromising durability and maximum safety even on the toughest courts!

Built from heavy 6" square, 3/16" thick steel tubing, the Legend provides unmatched stability and durability. Designed for the most rugged playgrounds, the Legend performs equally well on the home court. The post is positioned 66" behind the backboard for safety.

The extension arm on the Legend is attached to the vertical post via six 5/8" high tensile bolts. Though the Legend is considered a "Fixed Height" goal, the extension arm can be bolted at any height along the post.

First Team offers an array of backboards and rims with the Legend. Our Response™ tempered glass backboard offers the same look and authentic ball rebound enjoyed by college and professional players. Our popular Legend Dual packages add a second extension arm, backboard and rim to the opposite side of the post to maximize playing area on the playground.

For additional safety, pole padding and backboard padding are available for most Legend packages.

Every Legend package comes with a Lifetime Warranty.
