CAST PLAQUES

No other signage can match the artistry and permanence of a genuine cast plaque.

However it is placed — as a memorial or a tribute, a way-finding sign or a donor panel — a plaque of cast bronze or aluminum conveys an enduring sense of quality and tradition.

As the nation's dominant provider, we manufacture every plaque to the customer's exact specifications, from design to delivery. Our true, age-old sand casting process naturally highlights the attributes of the metal, with textures cast to the plaque — not painted on. Plus, we offer larger sizes than other makers, and can produce a plaque that is cast as one piece in any size and shape you might wish.
