

Hinge Replacement Guide

Before placing an order for replacement hinges please review and determine which style of door hinges you need.

Due to three different designs and manufacturing changes happening over the years we offer three types of hinges for your replacement. Please review images below to determine which faceplate design you own.

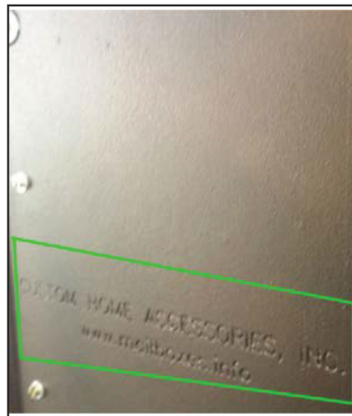

Replacement hinges: 1 set

Style #1

Back side of the door is stamped as shown in the picture. Hinges have side screws for easy removal.

Style #2

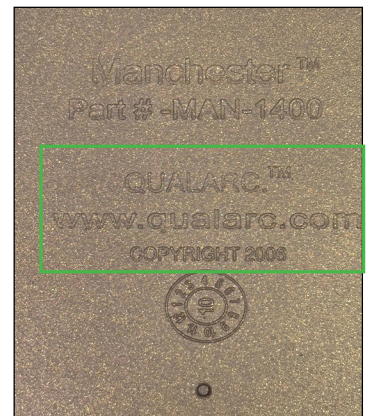

Back side of the door is stamped as shown in the picture.

Style #3

Back side of the door is blank and may have manufactures sticker as shown.

Style #4

Back side of the door is stamped as shown in picture. Please note that there is no "INC" after "QUALARC". Hinges are attached by screws on the back side of the faceplate.
