# Edible Oils

Low temperatures may cause the fat of the oils to solidify and appear cloudy. Clearness will return at room temperature. Those who are accustomed to refined, bland oils, may mistake the rich scent and flavor of our oils for rancidity. When stored in a cool place oils can be expected to maintain their edible quality for a year or more from time of purchase.

## Soy milk

---

May be used as a drink by itself, on cereals, for pancake recipes, muffins, dips, cream soups, fruit shakes and to replace milk or cream in general.

Mixing Directions: Use one (1) cup of powder to four (4) cups of GOOD QUALITY water. Warmer water enables easier blending. (For a creamier taste use three (3) cups of water.) Place the water in container first, then add the powder. For best results mix in a blender and refrigerate for two or more hours to chill the product well. 2 LBS of Soy Milk Powder makes about 1½ gallons of soy milk.

**Organic, Plain Soy milk Powder** Contains only Organic Soybeans.

## A Brief History of Jaffe Bros.

At its inception in 1948, Jaffe Bros. began with the distribution of a small range of Organic products which consisted largely of Dried Fruits and Nuts. As the Price Sheet from the 1953-1954 season, shown here, suggests, we were rooted in basic commodities which were simple in nature, but significant in their impact on one's diet and overall nutrition.

Sid Jaffe, our founder, was a raw foodist in the early 1940's and he influenced his brother, Allen Jaffe, of the health benefits of a proper diet for his growing family. Sid also convinced Allen to join his fledgling company and they pooled their energy and talent to establish a wonderful source of healthy foods in what was known at the time as a mail-order business. This style of trade has evolved into online ordering through the Internet, but many of our customers still like to fill out an order blank and drop it in the mail.

Our experience in healthful eating and living goes back a couple of generations. These traits when combined with our ability to maintain relationships with the growers, importers, and producers of the fine products we distribute is the basis of our company.

It is an impressive chain of logistical cooperation that enables foods to originate from a grower or producer and arrive in your household and it is our sincere pleasure to be a part of your quality food sourcing.

Ships only with order. No C.O.D.'s, please.

Shipments are made via Railway Express. The express charge is collected in advance of shipment. Orders weighing approximately 100 lbs. will be forwarded by truck freight, an alternate method of transportation.

If special packaging is desired, please advise us for correct, prompt and reasonable charges. Packing added 1/2 lb. to the weight. On 1/2 and 1/4 cwt. orders, a fee of \$1.00 is added to the bill.

Money cannot be sent by mail. Please check payments are payable by check, and if mailed, the money item the bill only.

Business agents with merchandise because of non-payment who return, send for correct return charges marked on each shipment. If overcharged, make claim for refund. Railway Express notes, without notifying us, will not constitute claims. Contact us if you need assistance.

Shipment express charge is \$1.00. The express rate to the East Coast, for example, is 40% in excess. It is 20% less with our 50-lb. express. Two 25-lb. bills will also be charged about 50%. Through shipping transportation cost \$1.00 per box.

Items arrive in a cool place. If repacked in jars, keep them open. Please leave us or return the jars, use as a high shelf. Keep the unopened jars refrigerated. Money refunded has been taken to protect the jars, but please bear in mind that the shipment cannot be held responsible for their condition after they leave Lakeside.

PLEASE NOTE—Our orders arrive satisfactorily, purchase must be responsible for maintaining them in good condition.

Your envelopes should bear a return address.
