VISTA CONTROL PANEL WITH GSM
TECHNOLOGY AND BUILT-IN INTERNET

Integrated Communications Solution

Honeywell

VISTA-21iP Control Panel

Integrated IP and Optional Snap-in GSM Radio

Honeywell's exciting new VISTA-21iP control panel delivers a full communications solution with an integrated Internet Communicator and optional snap-in GSM radio right on board. It provides the same installation advantages, innovative end-user benefits and robust system capacity you've come to expect with VISTA – all in one system!

Best of all, it helps you meet the needs of the growing number of broadband communication users – providing an excellent opportunity to both increase and maintain recurring revenue.

- Ideal for commercial and residential applications where the Internet is the primary path of communication
- Optional GSM radio snaps right onto the VISTA-21iP board
- Saves installation time and money
- Simple radio programming via an alpha keypad or AlarmNet Direct without having to use a 7720PLUS Programmer

Built-in Internet Communicator:

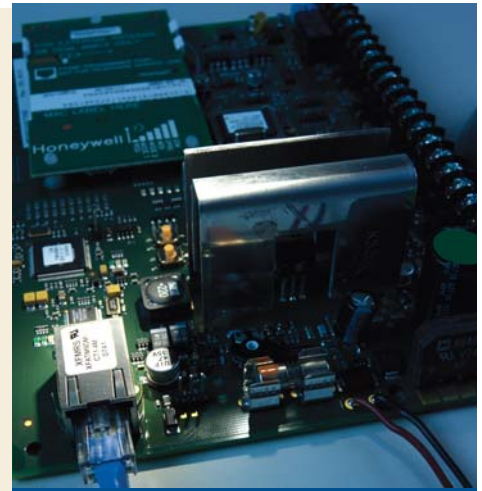

Provides the most sophisticated, reliable data security – with no installation required!

VISTA-GSM Digital Communicator:

Combines the dialer, Internet and GSM in one cabinet. The primary communications path is selectable – offering the most convenient, cost-effective way to communicate. If the Internet is selected as the primary path and becomes unavailable, the unit will communicate via the GSM. An Internet connection is required to activate and register the VISTA-GSM.

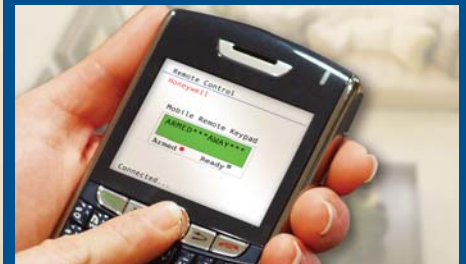

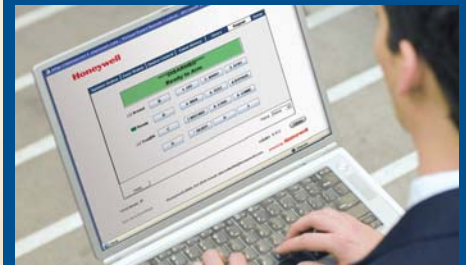

Quad-Path Communications:

Quad-Path technology – which provides four paths of communication using a standard TELCO dialer, the Internet, GPRS and SMS – delivers added reliability so signals get through.

Total-Connect Ready

When used with Total Connect – Honeywell's groundbreaking solution that lets your customers utilize the Internet, PDAs, cell phones, cameras and more to stay connected to their homes and businesses – VISTA-21iP's value-added services are unmatched. It is an ideal way for you to increase RMR and differentiate your business.
