

Beat background noise on the road.

Since its introduction, the B250-XT has been widely regarded for its ability to knock out the most aggressive ambient noise—even the roar of an 18-wheeler! Its advanced noise-canceling microphone incorporates VXi's Xtreme Noise Suppression™ technology, so people hear *you*, not your noisy environment.

Benefits

- Be heard clearly with the industry's best noise canceling—guaranteed.
- Enjoy a wireless range of up to 66 feet, double that of most Bluetooth devices.
- Talk for 16+ hours on a charge. (Up to 150 hours standby.)
- Hear every word, with its wide range of volume adjustments.
- Keep your conversations private, with 128-bit digital encryption.
- Wear all day, every day.
- Make your phone a walkie-talkie with the VXi BlueParrott App. Push to talk to one person or a group on Android or iOS phones.

The B250-XT knocks out noise so you get heard.

Product Highlights

- Advanced noise canceling eliminates background noise and improves communication.
- Flexible microphone boom stays where you put it for optimal sound quality.
- Lightweight, comfortable design is easy to wear, all day.
- Roadworthy durability stands up to every-day use.
