- 120,000 Grain
- 150,000 Grain
- 210,000 Grain

***Tank Jackets Available
for 15,000 – 48,000 Grain
Units**

1. Backwash and brining ability to 22 diameter tanks
2. Solid state microprocessor with easy access front panel settings
3. Double backwash feature offers efficiency and optimum regeneration and cleaning ability
4. Days between regeneration feature: 199 days standard; 7-day optional
5. Down flow regeneration
6. 10 selectable pre-programmed regeneration cycles
7. Stores system configuration and operation data in nonvolatile memory
8. 12-volt transformer provides safe and easy installation
9. Control valve design provides optimum service and backwash rates
10. Treated water regenerant refill
11. Three modes of operation meter immediate, meter delayed, or time clock delayed regeneration, cleaning ability, and efficiency
12. 36 selectable pre-programmed regeneration cycles
13. Days override feature 1- 28 days available
14. Capacitor back-up with two hour power carry over
15. 12 volt transformer provides safe and easy installation
