Neighbor

The world's first 2-way emergency pendant communicator

Emergencies can happen in all parts of a home and frequently right outside a home in the yard or driveway. So whether you are just checking in with a friend, need some quick help from a neighbor, or are in an emergency, your FreedomAlert pendant will allow you to communicate your message instantly and efficiently from anywhere in and around your home with ONE button activation.

Program up to 4 friends or family Members

You can personalize the system with a flick of a three position switch on the base unit to call:

1. up to 4 friends or family
2. up to 4 friends or family & then the 911 emergency operator
3. Or just the 911 emergency operator.

It's your choice.

911 Forwarding Feature

With our 911 Forwarding feature, a friend or family member can simply dial 911 from their phone while still on the line. The unit will then automatically hang up and dial emergency services. Included in the kit are cards to distribute to your 4 friends or family members informing them of this feature and how to use it.

Traveling?

Whether you are moving across town or going to visit the grandkids across the country, you can still use your FreedomAlert. Just unplug your unit from the phone jack and toss it in your suitcase. When you get to your destination, simply plug it into the local phone jack. Slide the switch to 911 only, and no additional programming needed. If an emergency occurs, they will have your current location by using Caller ID. When you return home, slide the switch back to Friends & 911.

Complete coverage in and around your home

The FreedomAlert allows you to call for help and communicate through the pendant both in and around the house for up to 600' line of sight (roughly 2 football fields).

Typical Personal Emergency Response System's 2-Way Voice Communication Range (speakerphone is in the base station)

FreedomAlert's 2-Way Voice Communication Range

Never pay a monthly, activation, or setup fee again.

FreedomAlert is yours to keep and use forever. Once you purchase it there is nothing more to pay.
